

Weekly Project SCRUM Report
Date: 2023/02/17
Project Name: Analyzing 311 response
Team Members: Juan Guang Gaoyuan Han Anoohya Veerapaneni Aishwarya Reddy Lachangar(Team Representative)
Tasks Completed This Week: <ol style="list-style-type: none"> <li>1. Meeting with the client(Counselor) and understanding the requirements from their perspective.</li> <li>2. Getting to know about teammates, and discussing the tasks to be assigned for the next week.</li> </ol>
Plans for Next Week: <ol style="list-style-type: none"> <li>1. Collect more data for the different angles(Geographics, Race, Income and demographics): Analyzing the collected data and deciding which angle will work best for our project as well as our team's perspective.</li> <li>2. Start with data cleaning/data preprocessing.</li> <li>3. Hypothesis Generation for our project( should discuss with our teammates and come to one goal as per the requirements)</li> </ol> All the tasks will be done by teammates together.
Obstacles and Questions: We need more data for the 4 angles to decide where to move on What kind of end report : data representation or any kind of report? Any specific requirements in the output which clients want us to showcase in the end report?
Met with the client recently? When is the next meeting with the client?: Yes, we will be having a weekly meet with Jacqueline and Janki regarding our updates and also submit the weekly report.
